Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Scars what are they? Scars are evidence that someone or something once caused an injury to a certain area which resulted in a wound that eventually healed. They are the result of a major or minor trauma. From an old battle scar to a previously painful paper cut, physical scars are real. But what about the scars that eyes cannot see, cocoa butter cannot fade and a laser cannot remove? Truth is, we all have them; deeply hidden scars that are the evidence of past hurts. Some wounds never healed properly and caused more damage later on in the same area of the scar. Its called scar tissue which eventually will have to be surgically removed or it will cause an imperfection to the surface of the skin or internal damage. Yes.more pain,! Have you ever heard the expression "that was the straw that broke the camels back"? Let me break that down for you. If a lake is frozen over and a hammer continues to hit the lakes surface at the same place, it will eventually break. Okay so if you continue to experience the same type of hurt in the same area of your life, eventually youre going to break. The thing about life that we all must understand is that we all have wounds that eventually heal but whether seen on the surface or not, we all have scars. I wanted to start this book by introducing myself. Hello, my name is Latrese. Im FLAWED but not ashamed I COME WITH SCARS! A few years ago, there was a very popular television show that featured on primetime television in which people with...
