It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

NIGHT SHADE BOOKS, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. A near-future thriller where those who protect humanity are not always completely human. The future is a dangerous place. Keeping the world stable and peaceful when competing corporate interests and nation-states battle for power, wealth, and prestige has only gotten harder over the years. But that s the United Nations job. So the UN has changed along with the rest of the world. When the UN s soft diplomacy fails, it has harder options. Quiet, scalpel-like options: The Dead--biologically enhanced secret operatives created by the UN to solve the problems no one else can. Anwar Abbas is one of The Dead. When the Controller-General of the UN asks him to perform a simple bodyguard mission, he s insulted and resentful: mere bodyguard work is a waste of his unique abilities. But he takes the job, because to refuse it would be unthinkable. Anwar is asked to protect Olivia del Sarto, the host of an important upcoming UN conference. Olivia is head of the world s fastest-growing church, but in her rise to power she has made enemies: shadowy enemies with apparently limitless resources. Anwar is one of the deadliest people on earth, but her enemies have something which kills people like him. And they ve sent it for her. It s out there, unstoppable and untraceable, getting closer as the conference approaches. As he and Olivia ignite a torrid affair, Anwar must uncover the conspiracy that threatens to destroy her, the UN, and even The Dead.
