Excerpt from **Impact of Federal Mandated Maritime User Fees: Hearing Before the Subcommittees on Coast Guard and Navigation and Merchant Marine of the Committee on Merchant Marine and Fisheries, House of Representatives, One Hundred Third** Congress, First Session Thank you, Mr. Chairman. The economic impact of Federal taxes, user fees and mandates on industries and States has been a major concern of mine for numerous years. As the Governor of Delaware for the last eight years, I had to deal with the problems created by unfunded Government mandates and changes in Federal tax laws that affected the State. Thus, I understand the frustration and concern of the maritime industry, coping with the effect of enormous increases in Federal taxes, user fees and duties imposed on them. I suppose the concept of requiring the Congressional Budget Office to issue an economic impact statement for legislation that creates or increases any taxes or fees would allow Congress, businesses and States to be fully aware of the effect of such legislation. I also am concerned about the increased user fees in the President's Budget, which are disguised as spending savings. I am interested in hearing the testimony of representatives of the merchant marine industry to learn the potential impact of the President's proposed inland waterway fuel tax increase before it's enacted, rather than after the fact.
