When Carmen Ventura takes up her post as commander of the Strega, she becomes the new Captain Sirena, the legendary pirate most people think is just a myth created to scare children. Her first quest is to search for the treasured chest hidden by her predecessor. But before she can even begin the hunt, she runs into Marko Lucin, captain of the Levant and Carmen's most insane adventure yet. How can the most beautiful woman he's ever seen be a bloody pirate? Never one to pass up an adventure, especially where pretty women are concerned, Marko finds his ultimate challenge in Carmen. Not only does he fall for her courage, spunk, and intelligence, but the lady pirate can also help him get what he wants—the famous treasure everyone whispers about. His only problem—how long can he play the charming captain before she discovers his true intentions?.

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that I am sure that I will go on to read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
