Reviews

Extremely helpful for all type of folks. It generally is not going to expense a lot of. I found out this book from my dad and i advised this book to find out.

(Melany Goyette)

TREATMENT PROTOCOL FOR POST OPERATIVE ENDOPHTHALMITIS

GRIN Verlag Gmbh Dez 2014, 2014. Taschenbuch. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Instruction from the year 2014 in the subject Medicine - Other, - (CPMC), language: English, abstract: Endophthalmitis is a devastating complication of ocular surgery and trauma, which may lead to total loss of vision and sometimes even the eyeball. Management of endophthalmitis presents one of the most challenging problems in ophthalmology. Two third of all cases of endophthalmitis occur after surgery. 90% are caused by bacteria and the remaining 10% by fungi, viruses and parasites. Incidence reported in literature is 0.1% to 0.4%. Though no study is available, incidence in our setup seems to be even higher. Traditionally endophthalmitis had been treated with topical and systemic antibiotics given both orally as well as parenterally but with poor therapeutic response. Another mode of treatment that has now become the standard treatment for endophthalmitis in developed countries is intravitreal injection of antimicrobials. Studies have proven this to be an effective, probably the only effective treatment available so far. In Pakistan this way treatment has not yet been widely practiced. The authors have carried out a study on 56 eyes diagnosed as cases of endophthalmitis. The patients were treated with intravitreal injections. Results were encouraging. Anatomical integrity was preserved in 90% of cases and 60% had a visual acuity of 6/60 or better. A gold medal winning paper was presented by one of the authors in Ophthalmo 96 based on the above study. Great enthusiasm was shown about the technique. The Chairman of the conference advised to publish the technique. The aim of this booklet is to present in a simple way the management of endophthalmitis using the technique of intravitreal injections. Secondly we want to decrease the undue...
