Balboa Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There is a relationship between our heads and our hearts. When the two are working in harmony, inner peace occurs, and our ability to focus on our desires becomes limitless. When this harmony is also supported by our physical surroundings, not only is the focus further enhanced, the time frames for achieving our goals shorten significantly. This is because our physical environments are reflections of our inner thoughts and beliefs. Consider for a moment moving your living room couch. If the new placement requires you to create different walking patterns, you have changed more than the furniture, you have changed your perspective. Now introduce an intention or goal to that perspective, and you are literally walking the path to your dreams. This book is a collection of stories where people found themselves needing a change and unsure of what to do first. By addressing their physical space, they gave themselves a door that led out of their limiting surroundings and into their futures.
