Oxford University Press, 2010. Hardcover. Book Condition: New. First edition. The Oxford in India Readings in Sociology and Social Anthropology comprises a set of volumes, each on an important theme or sub-area within these disciplines. Along with authoritative introductions and sectional prefaces, each book brings together key essays that apprise readers of the current debates and developments within the area concerned, with specific reference to India. The volumes act both as introductions to sociology and social anthropology and as essential reference works for students, teachers, and researchers. With essays published over the last three decades, the twin-volume *Sociology` and Anthropology of Economic Life* provides a comprehensive account of the major issues and debates in economic anthropology and sociology as they pertain to Indian society and culture. Thinking beyond the polarized dichotomies of tradition and modernity, holism and individualism, local and global, both volumes explore the diverse ways in which `economic` life constitutes and is constituted by other social realms. *The Moral Embedding of Economic Action* focuses on the ways in which ethical, moral, and affective forces shape activities such as production, exchange, and consumption that we habitually characterize as `economic`. Combining comparative theoretical formulations with rich ethnographic data, the essays engage with a wide range of questions. What are the appropriate categories and methodologies for understanding economic relations in rural India? How do technologies related to natural resources acquire different institutional forms as they become embedded in social relations of caste and kinship, and local struggles for power? What are the moral and affective valences that give economic activities their force in social life? Lucid and wide spanning, *Sociology and Anthropology of Economic Life* will be invaluable to students and scholars of sociology, anthropology, economics, social history, and politics. Contents:- 1. *The Moral Embedding of Economic Action : An Introduction*/Veena...
