An Executive Summary of the original book Editorial Review Key takeaways analysis A short bio of the the author Original Book Summary Overview In his New York Times bestseller, Daniel Kahneman explains the two thought systems that influence the way people think and make decisions. A fast System 1 makes quick, automatic and often illogical reactions to situations, while a slow, deliberate System 2 questions the impressions and feelings of System 1 and makes a more analytical and rational assessment of situations. Thinking, Fast and Slow takes the reader through an enthralling exploration of the biases that influence reactions and choices. Kahneman s groundbreaking research will change the way you think about your thought process and inspire you to slow down, think things through, and make the best out of...
