In the summer of 1776, fifty-six men risked their lives and livelihood to defy King George III and sign the Declaration of Independence--yet how many of them do we actually remember? *Signing Their Lives Away* introduces readers to the eclectic group of statesmen, soldiers, slaveholders, and scoundrels who signed this historic document--and the many strange fates that awaited them. Some prospered and rose to the highest levels of United States government, while others had their homes and farms seized by British soldiers.
