

Calling Whitetails (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

(Prof. Loyce Runolfsson Jr.)

iUniverse, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Calling is the art of deception. One creates a false, but convincing, illusion. There are many methods of calling. This is old knowledge that is currently being rediscovered by modern science. Whitetails rely on three primary sensory systems for survival-auditory, visual and olfactory. Therefore, they can be tricked on any of these levels. The main objective of any form of calling is to manipulate a deer to approach within comfortable shooting distance. This book offers techniques and tactics for luring in whitetails. It illustrates how to fool all three senses of the whitetail.
